Dan,

We think there's definitely some risk of DPP waiver with this statement. But if the Policy folks at both DOI and WH are okay with releasing the report (and potentially having to produce unredacted copies of records of the discussions that Zinke mentions), then we can live with that.

Glad to hop on a call if anyone would like to talk through it more.

John

Dan,

My understanding is that we plan to release the interim report eventually, so I don't have major concern; but I am running it by my colleague who's more of an expert on the privilege.
